

Fabric & Garment Care

- Rivar's recommends hand wash, hang or lay flat to dry for all garments unless otherwise specified as machine washable.
- Garments labeled as machine washable should be laundered on gentle cycle, tumble dry low with like colors.
- Some formal wear items can be dry-cleaned.
- Always consult a cleaning professional prior to using any method other than those recommended on the garment label.
- Fabric swatches are available upon request for testing any cleaning method.

Performance apparel requires special care, here are a few helpful hints...

- All straps on Rivar's garments are attached in the front only. Since every individual's body shape is different, the straps are left unattached at the back so you can customize the length for each individual.
- Performance apparel requires special care. Some fabrics and hems may be delicate.
- Look for the Rivar's label in the garment that has a space for you to write the individuals name on the tag.
- Find a local alterations person or costume assistant to help with minor costume adjustments that may be required throughout the season.

All fabrics may be adversely affected by any, or all of the following:

- Deodorants – use only clear or non-whitening
- Hairspray – avoid direct contact to your garments
- Perspiration
- Heat
- Direct, indirect and/or extended exposure to sunlight.
- Dry cleaning is not recommended.

Additional Fabric Information:

- Fabric availability and dye lots cannot be guaranteed. Talk with your account manager at the time of your original purchase to discuss available options for add-on garments.
- Minimum yardage requirements may apply for some fabrics.
- Rivar's reserves the right to discontinue any fabric, at any time, without prior notice.
- No warranty is expressed or implied.

Be sure to distribute this information to the members in your organization.
